

INDEX TO VOLUME 37, 1978

P. = Proceedings of the Heberden Society

- Abortions, repeated, in systemic lupus erythematosus and thrombocytopenia: case report, 476
- ABUKNESHA, R., *see* ANDREWS, B. A. *et al.*
- Adjuvant arthritis, development, cyclic AMP and prostaglandin E in perfusates of rat hind paws during, 218
- failure of regular exercise by swimming to influence, rat: correspondence, 104
- gastrin and gastric secretion, relationship between, rats, 432
- induced arthritis syndrome theophylline and PGE₁ as inhibitors, rats, 212
- ADOLFS, M. J. P., *see* PARNHAM, M. J. *et al.*
- AGENANT, D., *see* DEKKER-SAEYS, B. J. *et al.*
- MEUWISSEN, S. G. M. *et al.*
- Airways obstruction, and rheumatoid arthritis, 574, P.
- AL-RAWI, Z. S., ALAZZAWI, A. J., ALAJILI, F. M., and ALWAKIL, R.: Rheumatoid arthritis in population samples in Iraq, 73
- AL-TIMIMI, D., *see* SCUDDER, P. R., *et al.*
- ALAJILI, F. M., *see* AL-RAWI, Z. S. *et al.*
- ALAZZAWI, A. J., *see* AL-RAWI, Z. S. *et al.*
- Albumin, synovial fluid, in rheumatoid and osteoarthritis, 71
- Alclofenac and D-penicillamine, in rheumatoid arthritis, comparative trial, 93
- Alessandro Robecchi International Prize, III, 396
- Alkaline phosphatase activity in rheumatoid synovial tissue, effect of zinc on, 552
- ALLAM, B. F., *see* KENNEDY, A. C. *et al.*
- Allografts, chondrocyte, isolated epiphyseal, into joint surfaces, 449, 486, P.
- ALSPAUGH, M. A., BUCHANAN, W. W., and WHALEY, K.: Precipitating antibodies to cellular antigens in Sjögren's syndrome, rheumatoid arthritis, and other organ and nonorgan-specific autoimmune diseases, 244
- ALTMAN, D. A., *see* KIRWAN, J. R. *et al.*
- Alveolitis, fibrosing, *see* Fibrosing alveolitis
- ALWAKIL, R., *see* AL-RAWI, Z. S. *et al.*
- AMOR, B., *see* GAUDREAU, A. *et al.*
- Amputees, lower limb, bone and joint changes, 252
- Analgesics, non-steroidal anti-inflammatory, assessment of clinical effect in RA, 576, P.
- ANDERSON, J. A., *see* DOWNIE, W. W. *et al.*
- KENNEDY, A. C. *et al.*
- ANDERSON, M., *see* THOMPSON, M. *et al.*
- ANDREWS, B. A., WELSH, C. J., ABUKNESHA, R., EBRINGER, A., and EBRINGER, R.: Crossreactivity between vitreous humour, Klebsiella/Enterobacter microorganisms and human lymphocytes: a possible mechanism for uveitis and ankylosing spondylitis, 569, P.
- Ankle, articular cartilage contact areas, 482, P.
- ANSELL, B. M.: Chronic arthritis in childhood: Heberden Oration, 1977, 107
- MAJOR, G., LIYANAGE, S. P., GUMPEL, J. M., SEIFERT, M. H., MATHEWS, J. A., and ENGLER, C.: A comparative study of Budacote and Naprosyn in ankylosing spondylitis, 436
- *see also* D'ARCY, K. *et al.*
- SEWELL, J. R. *et al.*
- Antibodies, collagen, in RA, 573, P.
- precipitating, to cellular antigens in Sjögren's syndrome, rheumatoid arthritis and other autoimmune diseases, 244
- production during long-term salmon calcitonin therapy, assessment of functional effectiveness, 484, P.
- to soluble extractable nuclear antigens, clinical significance, 321
- trophoblast-reactive lymphocytotoxic, associated with spontaneous abortion in SLE, 285, P.
- Antigammaglobulin (rheumatoid factor) activity of human IgG subclasses, 12
- Antigens, salivary and bile, immune responses to, in rheumatoid arthritis and Sjögren's syndrome, 287, P.
- Antinuclear factor as prognostic indicator for D-penicillamine treatment in RA, 291, P.
- Antioxidant activity, serum, in rheumatoid arthritis, 67
- α_1 -Antitrypsin phenotypes in rheumatoid arthritis and fibrosing alveolitis, 285, P.
- Ankylosing spondylitis, acute phase reactants, 569, P.
- association with *Klebsiella pneumoniae*: correspondence, 298
- Butacote and Naprosyn in, comparative study, 436
- detection of immune complexes, 159
- diminished mixed lymphocyte response, 293 P.
- genetics, and HLA B27, 504
- HLA B27 studies, 485, P.

- Ankylosing spondylitis, and inflammatory bowel disease,
 I. Prevalence of inflammatory bowel disease in patients suffering from ankylosing spondylitis, 30,
 II. Prevalence of peripheral arthritis, sacroiliitis and ankylosing spondylitis in patients suffering from inflammatory bowel disease, 33, III. Clinical characteristics and results of histocompatibility typing (HLA B27) in 50 patients with both ankylosing spondylitis and inflammatory bowel disease, 36
 ——— naproxen, double-blind trial, 85
 ——— neck movements, response to physiotherapy, 64
 ——— neutrophil chemotaxis, 9
 ——— phenylbutazone, double-blind trial, 85
 ——— presenting as PUO, 294, P.
 ——— sequential studies, association of *Klebsiella pneumoniae* with active disease, 146, correspondence, 298, 577, 484, P.
 ——— and spondylodiscitis: HLA typing and nosological implications, 510
 ——— and uveitis, and vitreous humour, human lymphocytes and *Klebsiella/Enterobacter* microorganisms, crossreactivity, 569, P.
 APPLEFORD, D. A. J., and DENMAN, A. M.: Viral interference assays in rheumatoid arthritis (RA) lymphocytes, 291, P.
 ARCHER, J. R., see YOUNG, C. R. *et al.*
 ARDEN, G. P., see HIRSCHOWITZ, D. *et al.*
 ARDILL, J., see ROONEY, P. J. *et al.*
 Arteries, temporal, immunological and histological study, 238
 Arthritides, disabled, medical and social needs, 567, P.
 Arthritis, adjuvant, see Adjuvant arthritis
 ——— chronic, in childhood: Heberden Oration, 1977, 107
 ——— of mixed connective tissue disease, 397
 ——— nodal, and primary osteoarthritis of hips, 570, P.
 ——— peripheral, prevalence in inflammatory bowel disease, 33
 ——— prostaglandin production, 315
 ——— pyogenic, as complication of rheumatoid disease, importance of infected foot, 294, P.
 ——— reactive, sexually acquired, role of *Chlamydia trachomatis* and HLA B27, 287, P.
 ——— rheumatoid, see Rheumatoid arthritis
 Arthropathy, hip, exercise testing before and after, 482, P.
 ——— Jaccoud's, case report and necropsy study, 561
 ——— pyrophosphate, in hypophosphatasia, 481, P.
 Arthroplasty, elbow, new approach, 490, P.
 ——— hinge, knee, metal sensitivity, 373, 488, P.
 ——— hip, study of patient satisfaction, 482, P.
 ——— knee, in rheumatoid arthritis, 295, P.
 Arthroscintigraphy, proximal interphalangeal, in rheumatoid arthritis, 440
 Arthroscopy in diagnosis of chondromalacia patellae, 540
 ——— therapeutic value, 78
 Articular cartilage contact areas of the ankle, 482, P.
 ——— tensile fatigue properties, man, 58

CONTENTS OF VOLUME 37

No. 1. FEBRUARY, 1978

Neutrophil chemotaxis in rheumatoid arthritis. Effect of D-penicillamine, gold salts, and levamisole <i>A. G. Mowat</i>	1
Neutrophil chemotaxis in ankylosing spondylitis, Reiter's disease, and polymyalgia rheumatica <i>A. G. Mowat</i>	9
Antigammaglobulin (rheumatoid factor) activity of human IgG subclasses <i>F. Shakib and D. R. Stanworth</i>	12
Examination of complement C3 metabolism in rheumatoid arthritis using 2-dimensional immunoelectrophoresis <i>M. R. Shadforth and D. C. McNaughton</i>	18
Altered phospholipids in human rheumatoid synoviocytes <i>B. Henderson, L. Bitensky, and J. Chayen</i>	24
Ankylosing spondylitis and inflammatory bowel disease I. Prevalence of inflammatory bowel disease in patients suffering from ankylosing spondylitis <i>S. G. M. Meuwissen, B. J. Dekker-Saey, D. Agenant, and G. N. J. Tytgat</i>	30
II. Prevalence of peripheral arthritis, sacroiliitis, and ankylosing spondylitis in patients suffering from inflammatory bowel disease <i>B. J. Dekker-Saey, S. G. M. Meuwissen, E. M. Van Den Berg-Loonen, W. H. D. De Haas, D. Agenant, and G. N. J. Tytgat</i>	33
III. Clinical characteristics and results of histocompatibility typing (HLA B27) in 50 patients with both ankylosing spondylitis and inflammatory bowel disease <i>B. J. Dekker-Saey, S. G. M. Meuwissen, E. M. Van Den Berg-Loonen, W. H. D. De Haas, K. A. F. Meijers, and G. N. J. Tytgat</i>	36
Rheumatic disorders in primary biliary cirrhosis <i>A. K. Clarke, R. M. Galbraith, E. B. D. Hamilton, and R. Williams</i>	42
Assessment of rheumatoid inflammation in the knee joint <i>J. Paterson, W. S. Watson, E. Teasdale, A. L. Evans, P. Newman, W. B. James, and D. A. Pitkeathly</i>	48
A family with primary protrusio acetabuli <i>K. D'Arcy, B. M. Ansell, and E. G. L. Bywaters</i>	53
A second study of tensile fatigue properties of human articular cartilage <i>B. Weightman, D. J. Chappell, and E. A. Jenkins</i>	58
Neck movements in ankylosing spondylitis and their responses to physiotherapy <i>S. L. O'Driscoll, M. I. V. Jayson, and H. Baddeley</i>	64
Serum copper and related variables in rheumatoid arthritis <i>P. R. Scudder, D. Al-Timimi, W. McMurray, A. G. White, B. C. Zoob, and T. L. Dormandy</i>	67
Synovial fluid copper and related variables in rheumatoid and degenerative arthritis <i>P. R. Scudder, W. McMurray, A. G. White, and T. L. Dormandy</i>	71
Rheumatoid arthritis in population samples in Iraq <i>Z. S. Al-Rawi, A. J. Alazzawi, F. M. Alajili, and R. Alwakil</i>	73
Radioisotope scanning using a gamma camera <i>H. Berry, J. J. Barrett, A. Ford-Hutchinson, and E. B. D. Hamilton</i>	76
Therapeutic value of arthroscopy <i>H. A. Bird, and E. F. J. Ring</i>	78

Naproxen in osteoarthritis. Double-blind crossover trial <i>W. Blechman, R. Willkens, G. L. Boncaldo, R. T. Hoffmeister, L. M. Lockie, and C. Multz</i>	80
Double-blind trial of naproxen and phenylbutazone in ankylosing spondylitis <i>F. Van Gerwen, J. K. Van Der Korst, and F. W. J. Gribnau</i>	85
Sulindac. Trials of a new anti-inflammatory drug <i>E. C. Huskisson and J. Scott</i>	89
Alclofenac and D-penicillamine. Comparative trial in rheumatoid arthritis <i>H. Berry, L. Fernandes, A. W. Ford-Hutchinson, S. J. W. Evans, and E. B. D. Hamilton</i>	93
Cholestatic jaundice caused by D-penicillamine <i>D. Barzilai, G. Dickstein, R. Enat, H. Bassan, C. Lichtig, and B. Gellei</i>	98
Synovial cysts in juvenile rheumatoid arthritis <i>A. Bamzai, M. Krieger, and R. R. Kretschmer</i>	101
Correspondence	104

Book reviews	105

No. 2. APRIL, 1978

Heberden Oration, 1977. Chronic arthritis in childhood <i>B. M. Ansell</i>	107
Systemic lupus erythematosus. A prospective analysis <i>R. Grigor, J. Edmonds, R. Lewkonja, B. Bresnihan, and G. R. V. Hughes</i>	121
Immunological studies of the placenta in systemic lupus erythematosus <i>D. M. Grennan, J. N. McCormick, D. Wojtacha, M. Carty, and W. Behan</i>	129
Immunological studies in frozen shoulder <i>D. Bulgen, B. Hazleman, M. Ward, and M. McCallum</i>	135
Synovial pathology in Behcet's syndrome <i>B. Vernon-Roberts, C. G. Barnes, and P. A. Revell</i>	139
Sequential studies in ankylosing spondylitis. Association of <i>Klebsiella pneumoniae</i> with active disease <i>R. W. Ebringer, D. R. Cawdell, P. Cowling, and A. Ebringer</i>	146
Immune response inversion after hyperimmunisation. Possible mechanism in the pathogenesis of HLA-linked diseases <i>C. R. Young, A. Ebringer, and J. R. Archer</i>	152
Detection of immune complexes in serum of patients with ankylosing spondylitis <i>V. Corrigan, G. S. Panayi, A. Unger, R. N. Poston, and B. D. Williams</i>	159
Impairment of lachrymal and salivary secretion and cellular immune responses to salivary antigens in rheumatoid arthritis <i>S. Sullivan, L. Fernandes, I. G. McFarlane, B. Wojcicka, A. L. W. F. Eddleston, D. Doniach, E. Hamilton, and R. Williams</i>	164
Variation of chemical composition with age in human femoral head cartilage <i>M. F. Venn</i>	168
No effect of transfer factor in juvenile rheumatoid arthritis by double-blind trial <i>H. M. Hoyeraal, S. S. Froland, C. F. Salvesen, E. Munthe, J. B. Natvig, E. Käss, P. Blichfeldt, T. M. Hegna, E. Revlem, B. Sandstad, and N. L. Hjort</i>	175

Isolation of <i>Mycoplasma pneumoniae</i> from the synovial fluid of a hypogammaglobulinaemic patient in a survey of patients with inflammatory polyarthritis <i>D. Taylor-Robinson, J. M. Gumpel, A. Hill, and A. J. Swannell</i>	180
Oesophageal variceal bleeding in Felty's syndrome associated with nodular regenerative hyperplasia <i>L. M. Blendis, D. Lovell, C. G. Barnes, S. Ritland, D. Cattam, and P. Vesin</i>	183
Rheumatoid synovial cells in culture produce a growth inhibitor <i>C. A. Smith</i>	187
Diagnostic value of sacroiliac joint scintigraphy with 99m technetium pyrophosphate in sacroiliitis <i>H. Berghs, J. Remans, L. Drieskens, L. Kiebooms, and J. Polderman</i>	190
Intra-articular yttrium 90 in rabbits. Comparison of behaviour of various radiocolloids in rabbits and in man <i>J. M. Gumpel</i>	195
Correspondence	198
Book reviews	199
Notes	202

No. 3. JUNE, 1978

Joint hypermobility leading to osteoarthritis and chondrocalcinosis <i>H. A. Bird, C. R. Tribe, and P. A. Bacon</i>	203
Combination of theophylline and prostaglandin E ₁ as inhibitors of the adjuvant-induced arthritis syndrome of rats <i>I. L. Bonta, M. J. Parnham, and L. Van Vliet</i>	212
Cyclic AMP and prostaglandin E ₁ in perfusates of rat hind paws during the development of adjuvant arthritis <i>M. J. Parnham, I. L. Bonta, and M. J. P. Adolfs</i>	218
Type C oncornavirus isolation studies in systemic lupus erythematosus II. Attempted detection by viral RNA-dependent DNA polymerase assay <i>P. E. Phillips, and R. Hargrave-Granda</i>	225
III. Isolation of a putative reovirus by triple cell function <i>P. E. Phillips, S. A. Sellers, and S. L. Cotronei</i>	234
Immunological and histological study of temporal arteries <i>J. R. Park, and B. L. Hazleman</i>	238
Precipitating antibodies to cellular antigens in Sjögren's syndrome, rheumatoid arthritis, and other organ and non-organ-specific autoimmune diseases <i>M. A. Alspaugh, W. W. Buchanan, and K. Whaley</i>	244
Estimation of IgM rheumatoid factors by fluorimetry <i>D. J. Lea, and D. J. Ward</i>	247
Bone and joint changes in lower limb amputees <i>M. J. Burke, V. Roman, and V. Wright</i>	252
Experience with Silastic prostheses in the rheumatoid hand. A 5-year follow-up <i>A. G. L. Kay, J. V. Jeffs, and J. T. Scott</i>	255
Continuous and intermittent levamisole. A controlled trial <i>J. Scott, P. A. Dieppe, and E. C. Huskisson</i>	259
Small spinal fractures in back pain patients <i>H. Sims-Williams, M. I. V. Jayson, and H. Baddeley</i>	262

Rheumatoid polyarthritis after rubella <i>J. N. McCormick, J. J. R. Duthie, H. Gerber, H. Hart, S. Baker, and B. P. Marmion</i>	266
Juvenile rheumatoid arthritis with cardiac tamponade <i>H. A. Majeed and J. Kvasnicka</i>	273
Polymyositis in Chagas's disease <i>W. Cossermelli, H. Friedman, E. H. Pastor, M. R. Nobre, A. Manzione, M. E. Camargo, and M. Shiroma</i>	277
Heberden Society	281
Register of Events in Rheumatology	296
Correspondence	298
Book reviews	300

No. 4. AUGUST, 1978

Somatomedin activity in synovial fluid from patients with joint diseases <i>C. L. Coates, R. G. Burwell, K. Lloyd-Jones, A. J. Swannell, G. Walker, and C. Selby</i>	303
Prostaglandin production in arthritis <i>R. A. Sturge, D. B. Yates, D. Gordon, M. Franco, W. Paul, A. Bray, and J. Morley</i>	315
Clinical significance of antibodies to soluble extractable nuclear antigens (anti-ENA) <i>A. Gaudreau, B. Amor, M. F. Kahn, A. Ryckewaert, J. Sany, and A. P. Peltier</i>	321
Plasma and urinary levels of β 2 microglobulin in rheumatoid arthritis <i>D. Manicourt, H. Brauman, and S. Orloff</i>	328
The relationship between uric acid and potassium in normal subjects <i>A. C. Kennedy, K. Boddy, P. C. King, J. Brennan, J. A. Anderson, and W. W. Buchanan</i>	333
Immunodiffusion studies on synovial fluid from patients with rheumatoid arthritis: the reaction of fibrinogen with a streptococcal extract <i>H. J. Rylance</i>	339
Studies of lymphocytes in rheumatoid arthritis. I. Uptake of 125 I-heat aggregated human IgG by Fc-receptor bearing lymphocytes <i>P. H. Wooley and G. S. Panayi</i>	343
Studies on cold insoluble globulin. I. Concentrations in citrated plasma in rheumatic disorders <i>O. Fryand, E. Munthe, and N. O. Solum</i>	347
Intra-articular methotrexate. Clinical and laboratory study in rheumatoid and psoriatic arthritis <i>G. H. Hall, B. J. M. Jones, A. C. Head, and V. E. Jones</i>	351
Brain scan diagnosis of central nervous system involvement in systemic lupus erythematosus <i>R. F. Tan, D. D. Gladman, M. B. Urowitz, and N. Milne</i>	357
Nitroblue tetrazolium test in psoriatic arthritis, rheumatoid arthritis, and osteoarthritis <i>J. R. Lambert, M. Roberts, and V. Wright</i>	363
Neutropenia during treatment of rheumatoid arthritis with levamisole <i>G. T. Williams, S. A. N. Johnson, P. A. Dieppe, and E. C. Huskisson</i>	366

Indomethacin and Naproxen suppositories in the treatment of rheumatoid arthritis	
<i>H. Berry, D. Swinson, J. Jones, and E. B. D. Hamilton</i>	370
Metal sensitivity in patients with a hinge arthroplasty of the knee	
<i>M. Webley, A. Kates, and M. L. Snaith</i>	373
Observer variation in the examination of knee joints	
<i>J. S. Marks, M. K. Palmer, M. J. Burke, and P. Smith</i>	376
Studies with pain rating scales	
<i>W. W. Downie, P. A. Leatham, V. M. Rhind, V. Wright, J. A. Branco, and J. A. Anderson</i>	378
The visual analogue scale in the assessment of grip strength	
<i>W. W. Downie, P. A. Leatham, V. M. Rhind, M. E. Pickup, and V. Wright</i>	382
Teaching rheumatology to nurses	
<i>V. Wright and R. Hopkins</i>

No. 5. OCTOBER, 1978

The arthritis of mixed connective tissue disease	
<i>R. M. Bennett and D. J. O'Connell</i>	397
Markedly raised synovial fluid leucocyte counts not associated with infectious arthritis in children	
<i>A. R. Baldassare, F. Chang, and J. Zuckner</i>	404
Lymphocyte studies in rheumatoid arthritis. II. Antibody-mediated and mitogen-induced lymphocyte cytotoxicity in synovial fluid and peripheral blood	
<i>V. M. Corrigan and G. S. Panayi</i>	410
A longitudinal study of <i>in vitro</i> tests for lymphocyte function in rheumatoid arthritis	
<i>J. S. Percy, P. Davis, A. S. Russell, and E. Brisson</i>	416
Soluble and insoluble immune complex-platelet interactions in rheumatoid inflammation	
<i>R. P. Yeatts, R. Turner, R. Collins, J. Kaufmann, and H. Mashburn</i>	421
Gamma glutamyl transpeptidase levels in arthritis: a correlation with clinical and laboratory indices of disease activity	
<i>J. R. Lowe, M. E. Pickup, J. S. Dixon, P. A. Leatham, V. M. Rhind, V. Wright, and W. W. Downie</i>	428
On the relationship between gastrin, gastric secretion, and adjuvant arthritis in rats	
<i>P. J. Rooney, W. C. Dick, R. C. Imrie, D. Turner, K. D. Buchanan, and J. Ardill</i>	432
A comparative study of Butacote and Naprosyn in ankylosing spondylitis	
<i>B. M. Ansell, G. Major, S. P. Liyanage, J. M. Gumpel, M. H. Seifert, J. A. Mathews, and C. Engler</i>	436
Proximal interphalangeal arthroscintigraphy in rheumatoid arthritis	
<i>J. Remans, H. Berghs, L. Drieskens, L. Kiebooms, and J. Polderman</i>	440

Rapid cryoglobulin screening: an aid to the clinician <i>A. E. Kalovidouris and R. L. Johnson</i>	444
Isolated epiphyseal chondrocyte allografts into joint surfaces <i>G. Bentley, A. U. Smith, and R. Mukerjee</i>	449
A family study of Behcet's syndrome <i>M. A. Chamberlain</i>	459
A prospective study of gout in New Zealand Maoris <i>G. W. Brauer and I. A. M. Prior</i>	466
Costovertebral and costotransverse joint involvement in rheumatoid arthritis <i>M. J. Cohen, J. Ezekiel, and R. H. Persellin</i>	473
Systemic lupus erythematosus, repeated abortions, and thrombocytopenia <i>M. H. Pritchard, J. D. Jessop, P. M. Trenchard and J. A. Whittaker</i>	476
Joint amyloid presenting as 'polymyalgic' rheumatoid arthritis <i>H. A. Bird</i>	479
Heberden Society	481
Correspondence	492

No. 6. DECEMBER, 1978

Gold and penicillamine: A proposed mode of action in rheumatoid arthritis, based on synovial fluid analysis <i>M. H. Pritchard and G. Nuki</i>	493
HLA B27 and the genetics of ankylosing spondylitis <i>J. C. Woodrow and C. J. Eastmond</i>	504
Spondylodiscitis and ankylosing spondylitis: HLA typing and nosological implications <i>V. Modena, N. Migone, V. Daneo, A. O. Carbonara, S. D. Vittorio, and M. Viara</i>	510
Sacroiliitis and HLA. A clinical and genetical study <i>N. Migone, V. Modena, V. Daneo, A. O. Carbonara, and R. Ceppellini</i>	513
Subclasses IgA ₁ and IgA ₂ in serum and synovial fluid in rheumatoid arthritis and reactive synovitis of local origin <i>Z. Hrnčir, and M. Tichý</i>	518
Middle ear function in rheumatoid arthritis <i>J. N. Rosenberg, D. A. Moffat, R. T. Ramsden, W. P. R. Gibson, and J. B. Booth</i>	522
Lateral subluxation of the atlanto-axial joint in rheumatoid arthritis <i>H. C. Burry, J. M. Tweed, R. G. Robinson, and R. Howes</i>	525
Radiological study of cervical spine and hand in patients with rheumatoid arthritis of 15 years duration: an assessment of the effects of corticosteroid treatment <i>J. J. Rasker and J. A. Cosh</i>	529
Pulmonary involvement in systemic lupus erythematosus <i>D. M. Grennan, A. D. Howie, F. Moran, and W. W. Buchanan</i>	536
Arthroscopy in the diagnosis of chondromalacia patellae <i>Ian J. Leslie and George Bentley</i>	540
Mitochondrial oxidative activity in human rheumatoid synovial lining cells <i>B. Henderson, L. Bitensky, and J. Chayen</i>	548
The effect of zinc on alkaline phosphatase activity in rheumatoid synovial tissue <i>J. J. Johnstone, Lucille Bitensky, B. Cashman, and J. Chayen</i>	552

Joint fluid cytology in Reiter's disease	
<i>A. I. Spriggs, M. M. Boddington, and A. G. Mowat</i>	557
